## BIO-PHORE

### Morning talks

**Nicolas Senn** - Opening

**Cecilia Matasci** - The UNIL Donut

**Delphine Douçot** - CAP2037 strategy

**Paul Majcherczyk** - Ostral plan

**Sarah Michel** - LEAF program

**Erica van de Waal & Antonie Guisan** - DEE Air travel commission

**Serge Pelet** - Consumables and energy at DMF

**Sara Mitri** - Virtual hub conference outcomes

**Florent Mazel & Absalom Janssen** - Environmental footprint of computational and experimental research

**Gregory Defferrard** - Maintenance and repair of lab equipment

### Afternoon workshop

We will foster collaboration and brainstorm actionable steps that we can take collectively. The workshop outcomes will be compiled in a report and addressed to the three Department Directors and the FBM vice-Dean for Sustainability and Infrastructure, Prof Nicolas Senn.

Topics:

**Consumables**

**Electricity**

**Mobility**

**Building usage**
